Accident!

INSURANCE

This is quite a feature of my business. I represent two strong and liberal companies, whose contracts are free from the usual numerous restrictions that some other companies have, which really have the effect of insuring the company instead of the insured. No trouble to explain the policies and quote rates. ACCIDENT TICKETS—These are adapted to persons who do not desire yearly insurance, but who wish protection on short trips, etc. I issue them without written application, taking effect immediately.

GREAT EDUCATIONAL RALLY

IN PROGRESS AT THE FIRST BAPTIST
CHURCH.

HEARTY ENTHUSIASM MANIFESTED

Prominent Speakers From Various Parts
of the State—School Must
Be Built.

The great educational rally in the interest of securing the Texas Woman's Baptist College is in progress at the First Baptist church in this city with a number of the brightest and most influential men of the Baptist denomination in Texas and the South in attendance, and in full and active sympathy with this movement which is so full of promise not only for Bryan and Brazos county, but for Central and South Texas.

As a fitting prelude to the rally, Rev. Giles Taylor, pastor of the First Baptist church of Corsicana, preached last night, his sermon being especially directed towards the great enterprise in hand. His subject, "Seizing the Opportunity," indicates the timely character of his remarks based upon a text from John ix, 4: "I must work the works of him that sent me, while it is day: for the night cometh when no man can work." The speaker enlarged upon the opportunity afforded to Bryan and made a forcible application of the subject and the text.

The rally opened yesterday morning at 10 o'clock with a good attendance in the face of frequent showers of rain and the exceedingly muddy condition of the streets. There was also much enthusiasm manifested in the meeting and the business houses of the city remained closed from 11 to 12 o'clock, to give those who desired a better opportunity to attend.

The meeting opened with scripture reading and prayer by Dr. Little of Galveston. Dr. Taylor of Corsicana was the first speaker on the program and took for his subject, "How to Make a School Go." Dr. Taylor has had experience as a school man and was able to handle the subject in a thoroughly practical and helpful way. He made clear three requisites for the success of a school—a field, a competent corps of officers and teachers, and stable and substantial friends. It is clear that Bryan has the territory; that the officers and instructors can be secured, and that the school sentiment, the friendship for schools, already exists here. The only remaining requisite is to acquire and properly manage the enterprise.

Dr. B. F. Riley was the next speaker, and chose for his theme, "The Value of Vision." His address was broad, comprehensive and scholarly, enriched by learning and travel at home and abroad. He pictured Bryan as the hub of a great territory in Central Texas and an ideal spot for the contemplated institution. He enlarged upon the growing development of the South and showed that the opening of the Panama canal will revolutionize things in this country and make the South the richest, greatest and most populous section of the commonwealth. He reviewed the history of the higher education of women and lauded the Southland as first in this great achievement, as well as first in chivalry and deference to the women. The speech made a profound impression, and there were calls for more from Dr. Riley before the rally shall have closed.

Dr. Geo. B. Butler was not down on the program, but he took advantage of a few moments before the closing hour for some impromptu remarks and made "as good a speech as any of them." Indeed he seemed electrified by the zeal and enthusiasm he feels, and

talked straight from the shoulder, declaring his unwavering faith in the enterprise which Bryan should and must have. He declared himself in the fight for the school with every drop of blood and particle of energy he possesses, and that this movement must succeed in South and Central Texas. If Bryan passes up the opportunity, and Houston takes advantage of it, as it has been intimated she desires to do, then his active and hearty support will be given to that city. The speech enthused the audience very much and demonstrated that Dr. Butler is the right man in the right place at the head of the movement.

At the afternoon meeting addresses were made by Dr. L. T. Mayes and Rev. E. Ammons of Houston. Dr. Mayes' subject was "Wisdom and Salvation," while that of Rev. Ammons was "Assets and Liabilities." Both addresses were full of sound and wholesome arguments for Christian education in general, and with particular application to the enterprise under consideration. The night session of the rally was marked by splendid addresses from Dr. L. A. Little of Galveston and Rev. W. A. Hamlett of Dallas. Rev. Hamlett's theme was "Influence of Educated Christian Women." Dr. Little's subject was, "The Heroic Element in Religious Enterprises."

The rally meetings continue today and tonight and those who attend will have a rare opportunity for intellectual profit and the acquirement of valuable information, as well as aid by their presence the great work in hand.

STORE DYNAMITED.

Building Demolished and Entire Stock
of Goods Destroyed.

Houston, June 27.—The drug and general store of Adams & Zeigler at Oakhurst, San Jacinto county, was dynamited and completely wrecked. The entire stock of goods is a total loss, and the building is demolished, while the general store of D. H. Jones, about fifty feet distant, was also shattered and the stock of goods greatly damaged.

The precinct is overwhelmingly prohibition, and B. A. Ziegler, one of the proprietors of the demolished store, has been the leader of the pros. There has been much agitation and much feeling but no trouble had resulted. The people of the town and vicinity were awakened by a jar which caused every building in the neighborhood to wobble. This was followed by a loud thundering report which could be heard for miles. The populace became panic stricken, thinking that they were in the throes of an earthquake.

The more brave made an investigation which resulted in finding the drug and general store in ruins. The dynamite had evidently been discharged inside the building. The sides were blown out and the roof fell in. Some of the goods were thrown for 200 yards.

WILL OF LUBBOCK.

Many Bequests Were Made by the De-
parted Pioneer Texan.

Austin, June 27.—Governor F. B. Lubbock's will was filed for probate Tuesday. The estate is valued at \$50,000. J. B. Davis of Fort Worth and W. B. Wortham of Austin are named as executors. The homestead is bequeathed to his wife, Mrs. Mary Louise Scott Lubbock, and after her death to J. B. Davis in trust for Sarah Elizabeth Davies. He makes the following bequests: J. B. Davies, \$5000; Mrs. Barbara S. Wise, \$5000, and \$2000 to each of the following: Mrs. Obadiah S. Lubbock, J. B. Lubbock, Frank L. Lubbock, Adele L. Lubbock, James Lubbock, Mary Lubbock, Henry S. Lubbock, Sally Carey Kellam (niece), Free Presbyterian church, Austin, \$1000; Austin Theological seminary, \$2000.

Before paying these bequests he desires the following made: Purchase of watch for W. B. Wortham, \$2000; \$500 for erection of a monument over the remains of brother, T. S. Lubbock of Houston; \$1000 to purchase souvenirs for relatives; \$1000 for monument for deceased wife, Sarah E. Lubbock; \$100 for purchase of souvenirs for living clerks and employees of state treasury during his term of office. Executors are allowed 10 per cent commission. The will is dated Sept. 9, 1903.

Addressed by Atwell.

Austin, June 27.—Texas Postmasters' association met in annual session with a large attendance. An address by United States District Attorney W. H. Atwell of Dallas on violation of postal laws was a feature. A banquet was tendered visitors at Hyde park.

Proposed Interurban.

Denison, June 27.—The people of Davis, I. T., have been made a proposition by interurban promoters to build a line from that town to Sulphur Springs and thence to Denison. The scheme is assuming shape and definite announcements may soon be made of the plans.

ONE MINUTE

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup.

Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure and gave her three doses half an hour apart. The croup was mastered and our little darling speedily recovered. I cannot praise One Minute Cough Cure too much for what it has done in our family.—A. L. Spafford, Postmaster, Chester, Mich.

"AS HARVARD GRADUATE."

In That Capacity Theodore Roosevelt Visits His Alma Mater.

Boston, June 27.—"As a Harvard graduate," purposing to participate in the reunion of his class and in the commencement exercises of his college and not as president of the United States, Theodore Roosevelt came to Massachusetts Tuesday. Nevertheless his coming was to signalize one of the most notable commencement celebrations in the history of the university, and especially in the matter of attendance, for in addition to the large quota of graduates from Massachusetts, many hundreds were present from other states of the Union and points beyond. The president came particularly to take part in the twenty-fifth anniversary of the class of 1880, of which he is a member. It was planned that the forenoon hours be spent quietly by the president rambling over the college grounds in company with other members of his class and at noon the class of 1880, with Mr. Roosevelt as its most distinguished member, was to proceed to Oakley Country club at Watertown for luncheon. The afternoon was to be spent with classmates at the country club and at the class dinner and in listening at Hotel Somerset in this city to the constituted programme for the remainder of the day.

Special police arrangements had been made both by the Boston and Cambridge departments. A squad of detectives from police headquarters boarded the presidential train just before it entered the state and remained with the president throughout his stay as a personal body guard, which was augmented by a squadron of mounted police.

PRISONS FULL.

Six Hundred and Seventy-Two Arrests In Twenty-Four Hours.

Warsaw, June 27.—All prisons are full to overflowing, no less than 672 persons, mostly Jews, having been arrested in twenty-four hours. It is expected a state of siege will be proclaimed, as great riots are anticipated during mobilization.

Laborers on thirty-two of the best plantations in the government of Poland struck and it is feared the harvest will be lost.

SENT HIS AIDE.

It Expresses His Regret at Rojstvensky's Suffering.

Tokio, June 27.—Admiral Viscount Ito, chief of the naval general staff, has sent his aide to the naval hospital at Sasebo to visit Vice Admiral Rojstvensky. Admiral Ito, through his personal representative, inquired into the condition of the Russian commander and expressed his regret over the suffering he had undergone and his admiration at the desperation of the Russian defense. Rojstvensky is progressing well and sent his thanks to Admiral Ito for his sympathy.

Arms and Ammunition Shipped.

Rostoff, Russia, June 27.—The police have discovered that large quantities of arms and ammunition have been purchased here and shipped to the Caucasus.

Troops Dispatched.

Saratoff, Russia, June 27.—Troops have suddenly been dispatched to three districts in this province to suppress agrarian disturbances.

Troops Not to Go.

St. Louis, June 27.—In view of the fact that following the single arrest made at Delmar race track all operations in the betting ring have been suspended, word comes from Jefferson City that Governor Folk will not call out an armed force to assist in enforcing the anti-betting law. Sheriff Herpel stated he would not only make arrests every day, but would stop betting entirely until the courts shall have passed upon the cases now before them.

Two Deaths Result.

Baltimore, June 27.—In a collision to-night between a trolley car returning from shore resorts east of the city and a freight train on the Pennsylvania, one colored woman was instantly killed, Mrs. Sarah Cromwell, white, was so seriously injured that she died shortly afterward and a dozen or more were injured.

Colbert Goes to Washington.

Ardmore, June 27.—Marshal B. H. Colbert, against whom three indictments were returned by the special grand jury investigating the Chickasaw warrant frauds, has gone to Washington to appear before the department of justice and present an explanation of his connection with this fraud.

Terrible Deeds.

Meridian, Miss., June 27.—C. W. Thigpen and wife, who reside at Paulding, have been attacked by two negroes while asleep in their home. Mrs. Thigpen, it is said, was assaulted, while her husband was beaten into insensibility. Mrs. Thigpen is reported to be badly injured.

Fatal Railroad Collision.

Louisville, June 27.—Three passengers were killed and fifteen persons were injured as the result of a rear end collision on the Illinois Central railroad near Vine Grove, Ky., forty miles west of Louisville.

J. D. Creasy of Bonham, Tex., had a shoulder dislocated.

All Publishers Cited.

Milwaukee, June 27.—All the newspaper publishers of Milwaukee have been cited to appear in the hearing of the case of the Federal government against the General Paper company.

System of Aqueeducts.

Panama, June 27.—The system of aqueeducts, which will give the isthmus a supply of pure water, has been inaugurated.

"Very Comfortable."

Newbury, N. H., June 27.—Secretary Hay was reported "very comfortable" Tuesday.

RESULT OF FEUD.

Dr. Maner Mortally Wounded and E. E. Griffin Surrenders.

Itasca, Tex., June 27.—As a result of a feud a shooting affray occurred in Itasca Monday. Dr. F. B. Maner, one of the principals, received a mortal wound, dying three-quarters of an hour afterward. E. E. Griffin, the other principal, surrendered to the officers. About eight shots were fired, four of which were found imbedded in objects on the sidewalk in front of the store of W. M. Buchanan. The principals were thirty-five feet apart during the fusillade. After being wounded Dr. Maner fell to the ground and continued to shoot. He was shot in the breast. The shooting was witnessed by many persons.

FOUR-HANDED FRACAS.

One Participant Loses His Life and Two Others Wounded.

Gilmer, Tex., June 27.—In a difficulty between Lewis Williams and his son, Eb, on one side and Rufe Lankford and son, Brady, on the other, Eb Williams was killed instantly, being shot through the head with a load of large shot or bicycle balls. Lewis Williams was shot several times with a pistol, also with small shot. Rufe Lankford is shot in several places, but he nor Lewis Williams either is seriously wounded. Brady Lankford was not hurt. All parties are white and farmers, living near Latch postoffice.

LARGE FIRE LOSS.

Cooper Grocery Company of Waco Sustains Tremendous Damage.

Waco, June 27.—Large brick establishment of the Cooper Grocery company sustained a great loss by fire. The stock, estimated at \$100,000, was damaged fully 80 per cent. For nearly three hours the firemen fought the flames. Building was damaged 50 per cent. Total loss is about \$100,000, fully protected by insurance.

NEGRO GIRL ASSAULTED.

Chloroformed and Her Clothing Cut Open From the Neck Down.

Ennis, Tex., June 27.—The seventeen-year old daughter of Joe Nabers, a negro farmer, living in the Chambers Creek community, was chloroformed, her clothing cut open from the neck down and raped.

She had no recollection of anything except that a negro man wearing a red shirt had been in her room on the night before.

Killed by Electricity.

San Marcos, Tex., June 27.—Ballinger Compton, a well-known citizen of Hays county, was instantly killed by an electric light wire in front of the express office here. The accident resulted from a burned guy wire attached to a nail on the electric post, which came in contact with the electric current of 1100 volts. He put his hand on the wire.

Paper Mill Resumes.

Orange, Tex., June 27.—The yellow pine paper mill, that has been undergoing repairs and has installed more than \$50,000 worth of new and improved machinery, has started up again and expects to make not only a better class of paper than it formerly turned out, but will produce more than double the quantity at less than half the cost per ton.

Costly Sleep.

Marlin, Tex., June 27.—John Moore and Lottie Taylor, negroes, who had attended a dance, while returning home lay down on the International and Great Northern track a few miles south and went to sleep. A train mashed a hand of Moore and cut a severe gash in his head. The woman was slightly hurt.

Seriously Stabbed.

Denison, June 27.—While a celebration was in progress at the residence of Colonel Lon McAleer in honor of the completion of the latter's small steamboat, Annie Peruna, Jr., Jack Glover was probably fatally stabbed. A young man named Tom Smith was arrested.

SPECIAL COMMITTEE.

Its Duties Will Be to Consider Swedish-Norwegian Situation.

Stockholm, June 27.—As the result of negotiations between the different groups of the riksdag it has been arranged that a special committee to consider the Swedish-Norwegian situation shall be appointed. It will consist of nine Conservatives and three Moderates from the first chamber and five Liberals, five Agriculturalists and two Reformers from the second chamber. It is anticipated the government's proposals to settle the crisis amicably by arranging a modus vivendi between the two countries will be violently attacked in the upper chamber and generally supported in the lower chamber during the debate on the subject.

As a precautionary measure, pending the settlement of the crisis, the Swedish council of state has decided not to discharge the time expired men from the navy until further notice.

NO BETTING.

Sheriff Took Possession of Delmar Ring and Made One Arrest.

St. Louis, June 27.—For the first time since the anti-betting law went into effect, June 17, the betting ring at Delmar track was deserted Monday by the members of the Central Turf association, who are behind the plan to make bets on the races in a manner not contrary to the law, and after the first race persons who wished to back their judgment financially on the merits of the horses were forced to make wagers with other speculators at the race course.

Sheriff Herfol of St. Louis county, accompanied by several deputies, took possession of betting ring just before the horses went to the post in the first race, but only one arrest was made, Charlie Cella, a member of the Central association, who was later held under \$1000 bond to answer a charge of violating the anti-betting law.

PRESIDENTIAL PARDONS.

Three Parties In Indian Territory Have Received Freedom.

Washington, June 27.—The president has pardoned Phillip Scott, a full blood Creek Indian, convicted in Indian Territory for rape and sentenced to imprisonment for life. There is serious doubt of the Indian's guilt, and in addition it is said he is very ill with tuberculosis.

The president also has pardoned Lawrence Givens and William Paddock, convicted of horse stealing in Indian Territory. In both cases the sentences are regarded as excessive. Both men have already served about two and one-half years.

CYCLONIC STORM.

Man Crushed to Death and Two Others Seriously Hurt.

PALESTINE COUNCIL DELIBERATES

Over Proposition for Street Railway and Light Plant.

That proposition to grant a street car and electric light franchise is hanging up at present, while some careful investigations are going on. First, the city councilmen are seeking information as to the prices paid for lights by other cities, and second, they want to grant a franchise that will not prove burdensome in the years to come, and one that will compel those receiving same to do all they promise to do. The Herald is informed the capitalists seeking this franchise are ready to put up a forfeit of at least \$5,000, and will pledge themselves to begin work in about ninety days, and have a car line in operation within eighteen months. The Herald commends the deliberate way in which the councilmen are taking hold of the proposition, but would warn them that if Palestine secures these things she will have to show some liberality, as the town is not yet large enough to be too exacting, and these properties are necessary to town building. We should be as liberal as we can, not to impose a burden on the town, for there are many towns in the great southwest that are anxious for these things, and those that show the most liberal disposition are going to get them. \$250,000 to \$300,000 turned loose here for these improvements the next few months would be a material aid to the city, in addition to the great advantage of securing these properties, and the development that would naturally follow. —Palestine Herald June 26.

ARRIVES AT GALVESTON.

Is First Bale Raised in Starr County For Five Years.

Galveston, June 27.—The first bale of cotton of this season's growth to be marketed reached this city Monday from Roma, Starr county, Texas. The bale was decorated with Mexican bunting and the stars and stripes, as well as a large placard denoting the locality of its growth. The bale was consigned to W. L. Moody & Co. from M. Guerra & Son. It classes good middling and weighs 404 pounds. The bale came in eleven days later than last year. What makes it more interesting is that it is the first bale of cotton to be raised in Starr county in five years, according to the United States ginners' report. Starr county is not even in the list of counties on the reports. The bale was sold to Inman, Nelms & Co. for 30 cents a pound.

Fourth Brick Yard.

Ferris, Tex., June 27.—The three brick yards at this place are now putting in full time and cannot fill all orders. A new yard is being installed, making the fourth, known as the Lone Star. The four employ about 180 hands and about forty teams and make a fine market for all the wood being cut off of the land being cleared up on the Trinity bottom. These yards have a capacity of 80,000 bricks each twenty-four hours.

Dallas, June 27.—This city and vicinity were visited by a terrific downpour of rain Tuesday. The streets were flooded and gutters miniature creeks. Streams in Dallas county are full. Rainfall was over three inches.

Why He Was Shot.

Dallas, June 27.—Joe Winterman, who runs a saloon, was arrested charged with shooting Monroe Lige, a negro, in an arm. It is alleged the negro refused to pay for some beer.

Shipping Many Chickens.

Weatherford, Tex., June 27.—One company has shipped in six days 2400 chickens. The average shipment of eggs are 4000 dozen per week.

A PERFECT MAN.

The people of Bryan will be pleased to learn that Dr. E. V. Zollars, president of Texas Christian University at Waco, has been secured to deliver his popular lecture on "The Perfect Man," at the opera house in this city July 4th, at 8:30 p. m. This lecture is the sequel to his lecture, "Life's Ideal and How to Reach It," delivered here about two years ago, and which is well remembered for its masterful character. Pres. Zollars is a man of profound thought and wide mental development, and he takes rank among the foremost educators of the land. His lectures and addresses are everywhere hailed with delight. Admission will be 25 cents. 179

WHERE DISEASE GERMS BREED.

No Need to Fear "Germs" if the Stomach Be Healthy.

The ideal breeding place for disease germs is a weak stomach and digestive system. The food, instead of being assimilated, turns into a sour, slimy, fermenting mass, causing gases, distress after eating, bloating, nausea and flatulency. The poisonous germs that are given off from this undigested food enter the blood, and pimples, boils, and blotched skin is the result. Nervousness and sleeplessness come more often from weakened digestion than from any other one cause. Rheumatism and gout are directly caused by an acid condition of the stomach.

No ordinary food digestive can give lasting relief. It is absolutely necessary, if one wishes to be well, to use Mi-o-na, the only known remedy that soothes and heals the mucous membrane of the stomach and digestive tract, stimulates the solar-plexus, and strengthens the nerves of the stomach. This remarkable remedy puts the whole digestive system in so healthy, clean and sweet a state that fermentation of the food cannot exist, any disease germs will be destroyed, and all food will be so well assimilated that a rapid and healthy increase in weight will quickly result. Mi-o-na is a guaranteed cure for all diseases of the stomach, excepting cancer, a guarantee being given by E. J. Jenkins with every package he sells, agreeing to refund the money should the remedy not give perfect satisfaction.

MASSACRED BY YAQUIS

Twelve Ranchers and Some Women and Children

SLAIN BY SAVAGES.

It is Relieved That the Losses of the Indians Are Fully Twenty, but They Took Away the Dead and Wounded.

San Francisco, June 27.—A dispatch to the Chronicle from Tucson says that at least twelve ranchers and several women and children met death at the hands of a band of 100 Yaqui Indians, who have been raiding the country along the San Miguel river in the Ures district of Sonora. A party, composed largely of American mining men, headed by Joseph Dewitt, has gone out from Poseo station to receive the unfortunates, who are in danger of being massacred by Indians.

Dr. Frank J. Toussaint, who has returned from Ures, brought news of the trouble, which commenced last Friday. After several families had been murdered by Indians and ranchers made a determined stand at Buenos Ayres ranch, where, aided by Jesus Ortondo, proprietor of the ranch, and his brother, Francisco, Luis Carranza, proprietor of an adjoining ranch, and several other neighbors, died from wounds received in the fight. Dr. Toussaint attended Carranza, who was brought into Lachumata, a mining town, near where the fight took place. The besieged Mexicans took refuge in a ranch house and fought from the windows and roof. It is thought fully twenty Indians were killed, although the number can only be estimated, as the savages carried off their dead and wounded when they retired.

The nearest armed forces are stationed at Ures and when Dr. Toussaint left Hermosillo they had been sent to the scene of the outrage. Five Yaquis, taken just outside of Lachumata, and thought to have taken part in the massacres, were immediately hanged.

SENT TO PARIS.

Answer of Germany to the French Note Has Been Forwarded.

Berlin, June 27.—The German answer to the French note on the subject of the proposed Moroccan conference has been sent to Paris. A high official near Chancellor von Buelow informs the Associated Press that the German note, while perfectly amicable in form, insists upon a conference, and also declines to comply with France's request that Germany outline beforehand the programme of the conference. The chancellor takes the standpoint that a Moroccan question is an international affair, and that Germany, having accepted the sultan's invitation to a conference on the subject, cannot rightly agree with any single power as to what can be discussed at the conference. Germany insists that France must agree to a conference before any arrangements are made respecting the subject matter for discussion. After France has agreed to do this Germany is willing to listen to France's wishes. An official's attention being called to the warlike talk in the foreign press, he replied: "The fact that we are urging a conference is clear proof we have no wish for war with France. When a nation wants war it cannot ask for a conference at the same time. If we wanted war with France we would have regretted M. Delcasse's fall, since he was the greatest obstacle for good relations with France. On the contrary M. Delcasse's removal and Premier Rouvier's decision to retain the foreign portfolio gave great satisfaction to German official circles because we saw in these steps a guarantee of improved relations."

REHEARING GRANTED.

Louisiana Supreme Court Sends Pool-room Case Back.

Shreveport, La., June 27.—The supreme court of Louisiana has granted a rehearing in the celebrated Maloney poolroom case. Maloney was indicted here for violating the Hunsicker anti-poolroom law, which was passed by the last legislature. A conviction resulted from a trial in the district court and an appeal to the supreme court followed. The defendant applied for a new hearing.

Maloney pleads that the law should not apply to his business, as he telegraphed bets to cities outside of the state.

Ran Banking Game.

Shreveport, La., June 27.—George Nell, a negro saloon proprietor, has been found guilty in the district court of running a banking game. Sentence has not been imposed, but a minimum fine of \$1000 is provided for each conviction of this offense. Nell was indicted for operating an "alcie" game, a form of monte.

RED FLAG IS RAISED.

This Action Taken at Some Cities
For Sympathy

WITH RIOT VICTIMS.

Three Large Socialistic Parties Are Well Organized and Have Arms, but Authorities Say They Cannot Succeed.

St. Petersburg, June 27.—The red flag of revolt has been raised at Warsaw, Kovno and other places in Russian Poland out of sympathy with the victims of the rioting at Lodz, and so far as these cities are concerned the situation almost appears the dignity of open rebellion.

The news received in St. Petersburg is meager on account of the censorship, but it is evident that the troops are being resisted and a repetition of the sanguinary encounters at Lodz is anticipated. The three big Socialistic parties in Russian Poland are well organized and have some arms, but the authorities claim they have no chance of success single handed. Neither the Jewish Socialists, called the Bund, nor the Social Democrats are separatists as are what are known as the Polish Socialists, but they are all bitterly opposed to the existing government. The affair at Lodz seemingly has accidentally precipitated a crisis, but the authorities declare there is no machinery for a general insurrection behind it. This, however, may increase the slaughter in crushing the outbreak. The main danger lies in its spread to Socialistic organization in other parts of Russia, with which those in Russian Poland are closely allied. In the meantime the Caucasus is aflame with an insurrection on a big scale. The Mussulmans are actually besieging the Armenians in some of the towns. Peasants and uprisings have also occurred in several provinces, notably Kharkoff, where the estates of half a dozen nobles have been burned and where the workmen resisted Cossacks with arms, wounding several of the soldiers.

TENTATIVE SELECTIONS.

Russia Names Her Plenipotentiaries and Japan Probably Has Also.

Washington, June 27.—Russia has given reassurance of its intentions in the peace negotiations by placing the president in possession of the tentative selection of her plenipotentiaries as follows: M. Nedloff, the Russian ambassador at Paris, and Baron Rosen, the newly appointed Russian ambassador at Washington. Russia thus having taken the initiative, it is believed that Mr. Takahira, the Japanese minister, during his call at the white house Monday informally told the president that Japan's selections, also tentative, were, Baron Komura, the Japanese minister for foreign affairs, and Kogoro Takahira, the Japanese minister at Washington.

Official announcement of the names of the plenipotentiaries is withheld for several reasons. M. Nedloff's health may not permit him to make the trip, and pressure of official work may necessitate the presence in Tokio of Baron Komura. Mr. Takehira and Baron Rosen are regarded as certainities, and the belief is that unless something unforeseen should occur, both Russia and Japan will consent to the official announcement of the personnel of the Washington conference within a few days.

DISORDERLY CROWDS.

Throng the Streets of Warsaw and a Serious Fight Ensues.

Warsaw, June 27.—Disorderly crowds thronged the streets Monday. They erected barricades at Ogrodowa, Krochmalnae and Wronia streets, on top of which they placed red flags. The police and soldiers stormed these barricades and ten persons were wounded by bullets or bayonets. Another affray took place at Zelazna street, where Cossacks charged the crowd and wounded three persons. In the Central market a crowd attacked a patrol with revolvers, to which the patrol replied with volleys, killing a boy and wounding three other persons.

Five workmen who had refused to strike were stabbed to death by their comrades. Revolutionary proclamations have been posted on the walls and 300 persons have been arrested.

Bomb Does Damage.

Chesoff, Russian Poland, June 27.—A bomb was thrown into the police station here Monday. It wounded several policemen and broke all the windows for blocks around the station.

MYSTERIOUS MURDER.

Shot to Death While Seated in a Buggy With Woman.

Ponca City, Okla., June 27.—Martin Julian, a bartender, was shot and killed by an unknown party while driving in the country with Miss Della Lewis of Arkansas City, Kan. They were in a buggy. She says a stranger stepped from the brush by the roadside and ordered them to halt and immediately shot Julian. She drove to a farmer's residence, where Julian died thirty minutes later. He refused to answer all questions regarding the murder, but talked on other subjects. Albert Harper, another bartender, and Miss Nellie Edwards, also of Arkansas City and a friend of Miss Lewis, were also driving in the country to Ponca City. Both disclaim any knowledge of the murder.

Royalty Not to Be Paid.

South McAlester, June 27.—In the United States court here Judge Clayton decided that an Indian citizen who had taken an allotment could not cut and sell hay from his allotment without paying royalty to the Choctaw nation, even though he had not received his certificate of allotment.

INTERIOR VIEW OF THE LARGEST LOG HOUSE IN THE WORLD, "OLD FAITHFUL INN."

The many tourists and visitors to the Yellowstone National Park this season, many of whom will enter en route to or from the Lewis & Clark Exposition, inasmuch as stop-overs will be allowed free of cost for that purpose, will be housed in the largest log structure in the world—namely, "Old Faithful Inn," the lobby of which is shown in the above illustration. This most unique edifice is located within a few hundred feet of the great Geyser bearing the same name. In numerous respects it is the most remarkable hotel structure ever built and in all respects is as nearly complete as time, money and ingenuity could make possible.

In the entire structure there is not a square yard of plaster, while hewn stone and sawed boards enter so little into its construction that they can hardly be said to form a part, yet the building affords guests the accommodations of the very best of city hostleries, its rooms being electric-lighted and steam-heated, with hot and cold water as accessories to nearly all its chambers.

It was constructed at a cost of some \$200,000, being built entirely of logs and roofed with cedar "shakes" instead of shingles, and possesses a length of 380 feet, with a veranda 210 feet long and 26 feet wide; while its porte cochere, under which guests are received from every country in the world, is 110 feet long.

Its front door is provided with a "latch-string," which is always out, the lock and key to which are exceedingly quaint and weigh 25 pounds, the key being fifteen inches long.

From a large platform on the top of the building a most magnificent view is obtainable, and at night a powerful searchlight is in operation from it and throws its beams upon the Geysers as they play, the effect being marvelously beautiful—the Geysers taking on a splendor even greater than that of the day.

In the construction the work was slow and tedious, it being necessary to search hundreds of miles of forest to secure the desired gnarled and twisted branches and trunks of trees to meet the preconceived requirements of its makeup. The balustrades of the stair-cases are of gnarled branches; the newels and pillars of twisted trunks; logs everywhere—the oddest and most fantastic having been most prominently used in the intricate scheme of interior decoration.

Owing to special arrangements made effective by the Fort Worth & Denver City Railway ("The Denver Road") in connection with the "Burlington," the Northern Pacific, the Oregon Ry. & Navigation Co., the Oregon Short Line, the Denver & Rio Grande and the Colorado & Southern Railway lines, through which summer vacationists may enjoy the magnificent climatic advantages, rare sports and unspeakable beauties of this "Wonderland" (which includes the many delights of "Cool Colorado" en route), upon a basis more liberal than ever before made possible, many travelers from the Southwest, including Texas, are now in that most interesting section, while other hundreds are preparing to follow and no one can question the wisdom of their choice in view of the many favorable circumstances at their disposal.

The school board held a meeting yesterday afternoon and elected Prof. A. B. Cox of Austin a teacher in the public schools, completing the faculty. Prof. Cox is originally from Blanco, and is a graduate of the State University. Paul Ruchti was re-elected janitor.

The steamer Koeln from Brenham brought 415 immigrants who landed in Galveston last Monday. The immigrants are sturdy German people, and two hundred of them made their homes in Texas. Immigration of the class they represent is valuable to any country.—Palestine Herald.
